Protecting Professionals

The construction sector continues to be a significant area of growth and opportunity for professionals servicing the sector.

Faced with ever increasing project complexities, cost pressures and tight timeframes, the last thing a professional consultant wants to spend time worrying about is uninsured exposures to third party litigation.

Whether your clients are architects, building surveyors, structural or civil engineers, interior designers or project managers, Liberty's new policy wording is broad enough to meet their unique needs.

What is Covered?

- **Civil Liability** - the insured incurs arising from the performance of their professional services (and it's not tied to a breach of professional duty)
- **Competition & Consumer Act** - cover in respect of a claim brought under the Competition & Consumer Act except for anti-competitive practices
- **Defence Costs Paid in Advance** - prior to final resolution of a valid claim
- **Personal Injury, Property Damage and Pollution** - claims arising from the performance of professional services by the insured
- **Deemed Employees** - contractors and consultants who are deemed employees under the workers' compensation laws
- **Implied Warranties & Conditions** - for claims alleging breach of warranty or condition as to merchantable quality, due skill and care or fitness for purpose implied in a contract under common law or the Competition & Consumer Act.
- **Limitation of Liability Contracts** - the insured's right to claim under our policy will not be prejudiced by contracts entered into by the insured with other parties that limit the other parties' liability
- **Public Relations Costs** - for engaging a public relations consultant to protect the insured's professional reputation
- **Period of Grace** - if the policy is not renewed or replaced with a similar policy the insured has an extended 30 day period to notify a claim under the policy for professional services performed prior to the end of the policy period
